## Reminders

Several scenarios in this document reference **expunging** a student from the new school year. ODE EMIS requires students that are reported to EMIS be reported to EMIS for the entire school year. Expunging students can still be performed, but it needs to be performed prior to the district submitting their first Period S SCR Data Collector collection. Once that has been submitted, the student has likely been reported and will need to be reported with a withdraw reason of **81** for the entire school year if they were reported in error. You may need to work with your EMIS coordinator if utilizing the **expunging** procedure for a student in the **new** school year if the withdraw is being processed on or after 7/1/xx of that fiscal year.

## Scenario 1 – A student finishes out the 20/21 school year and lets the district know by June 30 that they will not be back for 21/22.

A student finished out the 20/21 school year and has already been promoted to the 21/22. The student's parents let the district know before June 30, 2021, that their child will not be returning to the district for the 21/22 school year.

Enroll	Expunge	Withdrawal
N/A	Expunge the student from 21/22	Withdraw the student in 20/21 using the last day of school as the withdrawal date.

### Complete Solution:

If you know prior to June 30, 2021 that the student will not be returning to the district for the 21/22 school year, you can withdrawal the student in 20/21 using the last day of school. The student does not need to be reported in 21/22 and would need expunged from the 21/22 school year.

### Steps to Complete:

1. Withdraw the student in 20/21. (See Appendix D for instructions on completing a withdrawal.)
2. Expunge the student from 21/22. (See Appendix F for instructions on expunging a student.)

### Outcome:

1. The withdrawal date and code will be posted to the latest FS record in 20/21.
2. The withdrawal date and code will display on the FD record.
3. The FS and FD records will be updated with an effective end date equal to the student's withdrawal date.
4. The student's **EMIS Grade Next Year** on the **FN-Attributes** tab will be updated to **\*\* - Not Applicable**.
5. The student will be deleted out of 21/22 once the expunge is performed.

## Scenario 2 – Previously Attending Student Summer Withdrawal

A student finished out the 20/21 school year and was promoted to 21/22. The student will not be returning to the district in 21/22.

Enroll	Expunge	Withdrawal
N/A	N/A	Do a summer withdrawal in 21/22 with a date of 7/1/21 thru the day before school starts. The student must be reported in 21/22.

### Complete Solution:

In 21/22, withdraw the student and use a date of 7/1/21 thru the day before school starts. You will be prompted by StudentInformation to confirm the student is a summer withdrawal. Student must still be reported in EMIS for period S.

### Steps to Complete:

1. Perform a summer withdrawal in 21/22. (See Appendix C for instructions on completing a summer withdrawal.)

### Outcome:

1. The withdrawal date, code, and withdrawal to IRN (if applicable) will be posted to the latest FS record.
2. The withdrawal date and code will display on the FD record.
3. The FS and FD records will be updated with an effective end date equal to the student's withdrawal date.
4. The student's **EMIS Grade Next Year** on the **FN-Attributes** tab will be updated to **\*\* - Not Applicable**.

Students who were summer withdrawn appear on the Student Archive page with Type = Summer Withdraw.

### Scenario 3 – A student who was previously summer withdrawn returns in the winter of the 21/22 school year.

A student finished out the 20/21 school year and was promoted to 21/22. The student will not be returning to the district in 21/22. A summer withdrawal is processed at that time. In December 2021, the student returns to the district.

Enroll	Expunge	Withdrawal
Use registration wizard to register the student upon his return to the district.	N/A	N/A

#### Complete Solution:

In 21/22, use Registration Wizard to enroll the student in the district

#### Steps to Complete:

1. Register Student in 21/22.

#### Outcome:

1. A new FS and FD record will be created with an effective start date equal to the student's new admission date.

## Scenario 4 – A student who previously withdrew in 21/22, returns a couple weeks or months later.

A student began the 21/22 school year, but withdrew a couple of weeks into the school year to move out of state to live with his father. The student decides he would rather live with his grandma and returns to your district one week later.

Enroll	Expunge	Withdrawal
Use registration wizard to register the student upon his return to the district.	N/A	N/A

### Complete Solution:

In 21/22, use Registration Wizard to enroll the student in the district

### Steps to Complete:

1. Register Student in 21/22.
2. The student's schedule will need to added back in by hand, course by course.

### Outcome:

1. A new FS and FD record will be created with an effective start date equal to the student's new admission date.

The student must be registered again. Simply editing the student's FS records will not work. The student needs an FS record showing the district withdrawal and a separate FS record showing the return admission a couple of weeks later.

## Scenario 5 – Student withdrawals before school is out in 20/21, but has already been promoted to 21/22.

A student withdraws the day before school is out and has already been promoted to 21/22.

Enroll	Expunge	Withdrawal
N/A	Expunge the student from 21/22	Withdraw the student in 20/21

### Complete Solution:

Withdraw the student in 20/21 and expunge the student from 21/22 since they withdrew prior to the end of the current school year and do not need to be reported in 21/22.

### Steps to Complete:

1. Withdraw the student in 20/21 using a day before school is out. (See Appendix D for instructions on withdrawing a student.)
2. Expunge the student from 21/22. (See Appendix F for instructions on expunging a student.)

### Outcome:

1. The student's FS, FD, FN and Student annual records will be deleted for the 21/22 school year.

Students who were expunged appear on the Student Archive page with Type = Withdraw.

## Scenario 6 – Student decides to attend another building. The student never attended one of the buildings.

A district has two elementary schools, North and South. A student is promoted to North Elementary for 21/22, but her parent decides to send her to South. The student never attended North Elementary.

Enroll	Expunge	Withdrawal
In 21/22, use Registration Wizard, Student Transfer or Promotion/Enrollment to get the student into South.	Expunge the student from the building they are not attending in 21/22, which in this example would be North	N/A

Expunging the student from one building in your district will not affect the Student Cross Reference (SCR) **IF** the student is still in another building in the district for the school year.

### Complete Solution:

There are several ways to handle the situation, but most importantly the student needs expunged from North since she will not be attending one day there. Now the school can student transfer the student from 20/21 to South 21/22. Or they can use Registration Wizard in South 21/22 and StudentInformation will find a match and they can enroll the match. Or they can change the progression track on the student's profile in 20/21 and redo promotion/bulk enrollment.

### Steps to Complete:

1. Expunge the student from the old building. (See Appendix F for instructions on expunging a student.)
2. Register the student in the new building. Make sure you use a registration day that is before the first day of school. StudentInformation will find a match. When you receive the following prompt, choose **Yes**.

**Outcome:**

1. A new FS and FD record will be created for the student's admission into South, the new building. Verify on the new FD record that the Reporting Calendar is a calendar in the new building.
2. If you register the student in the new school in the district first and then expunge them out of the other building, the student's original FS and FD record for the old building will not be deleted and will still display in the summary section on the FS and FD tabs. It will be considered a closed record.

## Scenario 7 – Student is being retained after they have already been promoted to the same building next year. The 21/22 school year has not started yet.

A student is a 5<sup>th</sup> grader in the elementary in 20/21. She is promoted to a 6<sup>th</sup> grader in 21/22 at the same elementary. The student is being retained in the 5<sup>th</sup> grade. The 21/22 school year has not started yet.

Enroll	Expunge	Withdrawal
N/A	N/A	Edit the student's profile in 21/22 and change their grade level. Adjust their homeroom, locker, and schedule accordingly.

### Complete Solution:

Edit the student's profile in 21/22 and change their grade level. Adjust their homeroom, locker, and schedule accordingly.

### Steps to Complete:

1. The following steps would be considered a correction to a student's situation, not a change – since school has not started.
2. Edit the **General** tab in 21/22 and correct the student's **Building Grade** dropdown and **Grade Next Year** dropdown to the correct year. Also, correct **Grade Next Year** in 20/21.
3. Navigate to the **FD-Attributes** tab and edit the latest event record by clicking on the **Edit Pencil** icon.
4. Choose the correct grade level from the **State Equivalent Grade** dropdown.
5. Place a check in the **Exclude FD Records from Fall Initialization Updates** option.
6. Click **Save** to save your corrections.
7. Next, navigate to the **FN-Attributes** tab and correct the student's **EMIS Grade Next Year** dropdown. Also, correct **EMIS Grade Next Year** in 20/21.
8. In the **Retained Status** dropdown, select the appropriate Retained Status.
9. Place a check in the **Exclude FN Records from Fall Initialization Updates** option.
10. Click **Save** to save your corrections.
11. Adjust the student's homeroom, locker and schedule as needed.

### Outcome:

1. This is a correction not a change since school has not started.
2. No effective date needs to be updated and no records need closed because we are working with a new record which was created for the 21/22 school year.

## Scenario 8 – Student is being retained after they have already been promoted to a different building next year. School has not started yet.

A student is in the 8<sup>th</sup> grade in 20/21 at the elementary. The student was promoted to the 9<sup>th</sup> grade at the high school for 21/22. The student is being retained in the 8<sup>th</sup> grade. The 21/22 school year has not started yet.

Enroll	Expunge	Withdrawal
In 21/22, use Registration Wizard, Student Transfer or Promotion/Enrollment to get the student into the Elementary	Expunge the student from the high school in 21/221 since they will not be attending that building	N/A

### Complete Solution:

Expunge the student from the high school. Use registration wizard, promotion, or student transfer to get the student into 21/22 at the elementary.

### Steps to Complete:

1. Expunge the student from the high school in 21/22 since they will not be attending that building. (See Appendix F for instructions on expunging a student.)
2. Register the student in the new building. StudentInformation will find a match. When you receive the following prompt, choose **Yes**.
3. Edit the **FN-Attributes** tab and select the appropriate Retained Status from the **Retained Status** field.
4. Mark the appropriate tabs to be excluded from Fall Initialization.

### Outcome:

1. A new FS and FD record will be created for the student's admission into the elementary. Verify on the new FD record that the Reporting Calendar is a calendar in the new building.
2. If you register the student in the new school in the district first and then expunge them out of the other building, the student's original FS and FD record for the old building will not be deleted and will still display in the summary section on the FS and FD tabs. It will be considered a closed record.

## Scenario 9 – Student is new to your district, but will attend elsewhere full time. School has not started yet.

A student is newly registered in the district over the summer. The student is going to attend elsewhere full time as of the first day of school.

Enroll	Expunge	Withdrawal
Use registration wizard to register the student in the building he would attend if he were physically attending the district.	N/A	N/A

### Complete Solution:

Student is registered using Registration Wizard; the student's EMIS Situation reflects the situation applicable for attending elsewhere at the time of registration.

### Steps to Complete:

1. Register the student in 21/22.

### Outcome:

1. All appropriate records created at the time of registration. No further action is needed since the correct situation was chosen at time of registration.

Make sure all new students are registered in StudentInformation within 30 days of registering within the district, and reported to EMIS via the SCR Collection within 30 days of their registration date. If the students are not reported timely, it can affect the funding received for them.

## Scenario 10 – Student is new to your district and decides to attend the JVS full time. School has not started yet.

A student is newly registered in the district over the summer. The student is enrolled as attending full time, but later decides to attend the JVS full time. The decision to attend elsewhere is made prior to the first day of school.

Enroll	Expunge	Withdrawal
Use registration wizard to register the student in the building he would attend if he were physically attending the district.	N/A	N/A

### Complete Solution:

Student is registered using Registration Wizard. When the student was originally registered their EMIS Situation reflected a resident attending full time. The student's EMIS Situation needs corrected to reflect a new non-attending situation. This is a correction and no new FS needs created since school has not started yet.

### Steps to Complete:

1. Navigate to the **FS-Standing** tab and edit the latest event record by clicking on the **Edit Pencil** icon.
2. Correct the **EMIS Situation** dropdown to reflect the correct situation.
3. Edit checks on the page will guide in making the remainder of the required corrections.
4. Click **Save** to save your corrections.
5. You will receive the following message: **The FS – Student Standing information was successfully saved.**
6. Navigate to the **FD-Attributes** tab and edit the latest event record by clicking on the **Edit Pencil** icon.
7. Correct the **Reporting Calendar and Attendance Pattern** to reflect the correct calendar. Click **Save** to save your corrections.
8. Navigate to the **General** tab and select the correct **Attendance Calendar**. Click **Save**. You will be prompted for a **Calendar Change Effective Date**. Complete this field with the appropriate date, click **OK**. You will receive the following message: **The General Information was successfully saved.**

### Outcome:

1. This is a correction to the existing FS, FD and General records since school has not started.
2. The original FS record is edited to reflect the new EMIS Situation.
3. No new FS or FD records need to be created.

## Scenario 11 – A new student enrolls, but never shows up.

A new student enrolls during the summer to begin attending in the fall; however, he never shows up.

Enroll	Expunge	Withdrawal
N/A	N/A	Withdraw the student using Withdrawal Code 81 and a day before the first day of school

F.Y.I.

### Complete Solution:

No Shows must be reported in EMIS for the entire year.

### Steps to Complete:

1. Withdraw the student with the same start and end date (at least one day prior to the start of school) with withdraw code 81.

### Outcome:

1. The withdrawal date, code, and withdrawal to IRN (if applicable) will be posted to the latest FS record.
2. The withdrawal date and code will display on the FD record.
3. The FS and FD records will be updated with an effective end date equal to the student's withdrawal date.
4. The student's **EMIS Grade Next Year** on the **FN-Attributes** tab will be updated to **\*\* - Not Applicable**.

F.Y.I.

Student will be reported as withdrawn, and the admission date and withdrawal date will be the same date in the EMIS transfer file if withdraw reason **81- Student reported in error, never should have been** is used.

## Scenario 12 – Preschool student ineligible to receive services.

A Preschool student is screened for services, but is found ineligible. The student must be admitted and withdrawn on the same day.

Enroll	Expunge	Withdrawal
Register the student in 21/22	N/A	Withdraw the student from 21/22

### Complete Solution:

Since the student is ineligible and will not be attending the district, we must record the fact that the student was screened by the district, but is not going to receive any instruction or services from the district.

### Steps to Complete:

1. Register the student in the 21/22 school year.
2. Use **EMIS Situation 372 – PS evaluated but ineligible**.
3. Withdraw the student in 21/22 and use a withdrawal date equal to the student’s admission date and a **Withdraw Reason 36 – Withdrew from Preschool/PS student WD from PS program for any reason**.
4. See Appendix D for instructions on withdrawing a student.

### Outcome:

1. When the student is registered, a FS, FD, and FN record are created.
2. When the student is withdrawn, the withdrawal date, code, and withdrawal to IRN (if applicable) will be posted to the latest FS record.
3. The withdrawal date and code will display on the FD record.
4. The FS and FD records will be updated with an effective end date equal to the student’s withdrawal date.
5. The student’s **EMIS Grade Next Year** on the **FN-Attributes** tab will be updated to **\*\* - Not Applicable**.

## Scenario 13 – A student moved over the summer, but never officially withdrew.

A student attended in the 20/21 school year, but moved out of the district over the summer, but never informed the district he has withdrawn.

Enroll	Expunge	Withdrawal
N/A	N/A	*see solution below

### Complete Solution:

The district has three options:

1. The student is counted absent until the time he officially withdraws from the district.
2. The student is withdrawn as a summer withdrawal using a dropout withdrawal reason.
3. Student may be withdrawn if student shows up in another district according to ODDEX Student Cross Reference System.

### Steps to Complete:

Option 1 – No steps to complete, continue marking the student absent until he officially withdraws.

Option 2 – Perform a summer withdrawal in 21/22. (See Appendix C for instructions on completing a summer withdrawal.)

Option 3 – Student is withdrawn using the day prior to his start date at the new district as set forth in ODDEX.

### Outcome:

Option 1:

1. No changes can be made to the FS and FD records until the student withdraws from the district.
2. The FS and FD records must remain open until the student actually withdraws from the district.

Option 2 and 3:

1. The withdrawal date, code, and withdrawal to IRN (if applicable) will be posted to the latest FS record.
2. The withdrawal date and code will display on the FD record.
3. The FS and FD records will be updated with an effective end date equal to the student's withdrawal date.
4. The student's **EMIS Grade Next Year** on the **FN-Attributes** tab will be updated to **\*\* - Not Applicable**.

## Scenario 14 – Expelled student, not receiving services in 20/21, coming back for the 21/22 school year.

A student was expelled in the 20/21 school year prior to the end of school. He was withdrawn at the time of promotion so the student was never promoted to the 21/22 school year. The student is returning in 21/22 for the first day of school.

## Scenario 16 – A student’s percent of time is incorrect and has been since the first day of school.

A student currently is attending elsewhere part-time; however, his percent of time is incorrect. His current record indicates that he is attending the resident district 75 percent of time and the other district 25 percent of time. The time the student is attending has not changed; it is just incorrect on the record.

2. Withdraw the student using the same withdraw date as admission date.

### Outcome:

The student will have a single FS record in 21/22 which reflects the student's EMIS Situation for 21/22.

## Scenario 40 - A student was promoted or enrolled into wrong building.

A student was accidentally promoted to the wrong building in the district for 21/22.

Enroll	Expunge	Withdrawal
In 21/22, use Registration Wizard, Student Transfer or Promotion/Enrollment to get the student into the correct building.	Expunge the student from the building they were accidentally enrolled into for 21/22.	N/A

### Complete Solution:

There are several ways to handle the situation, but most importantly the student needs expunged from the building they were accidentally enrolled into, since they will not be attending one day there.

Now, the school can student transfer the student from 20/21 to the correct building in 21/22. Or they can use Registration Wizard in the correct building for 21/22 and StudentInformation will find a match and they can enroll the match. Or they can change the progression track on the student's profile in 20/21 and redo promotion/bulk enrollment.

### Steps to Complete:

1. Expunge the student from the incorrect building. (See Appendix F for instructions on expunging a student.)
2. Register the student in the correct building. Make sure you use a registration day that is before the first day of school. StudentInformation will find a match. When you receive the following prompt, choose **Yes**.

### Outcome:

1. A new FS and FD record will be created for the student's admission into the new building.
2. If you register the student in the new school in the district first and then expunge them out of the other building, the student's original FS and FD record for the old building will not be deleted and will still display in the summary section on the FS and FD tabs. It will be considered a closed record.

## Scenario 41 - A student graduated on time last year, but was not reported as withdrawn in Period S in 20/21.

A student graduated on time in 20/21 with his class, but was not withdrawn and reported as withdrawn in Period S for the 20/21 school year. Period S is now closed.

Enroll	Expunge	Withdrawal
N/A	N/A	Expunge the student from the 21/22 school year

### Complete Solution:

The student needs to be reported in 21G as a graduate. Additionally, if the student has already been reported in the FY22 SCR or in FY22S, the student can be expunged from that location and a Student Withdrawal Override created for him in the FY22 school year so that he is reported as expected.

### Steps to Complete:

1. Report the student as a graduate in 21G by adding his Graduation Date and Diploma type to the FN-Attributes tab on the 20/21 Student Profile. He will then be included in the FY21G transfer files.
2. Expunge the student from the 21/22 school year.
3. In 21/221, add a Student Withdrawal Override (FC) record in EMIS Maintenance using a withdrawal code of 99.

## Scenario 42 - A summer withdrawn student in 21/22 becomes a Graduate Only student in 21/22.

A student in 20/21 should have graduated, but did not pass all their required assessments. Student is promoted to 21/22 while awaiting assessment results. Required assessment results are returned and student did not pass. Student is summer withdrawn on or after 7/1/21, but prior to the first day of school with a 7X withdraw reason. Student takes the assessment again later in the school year and passes.

Enroll	Expunge	Withdrawal
Enroll the student as a Grad Only student in 21/22.	Expunge the student in 21/22	Withdraw the student in 21/22 using the Student Summer Withdrawal Record with a 7X withdraw code

### Complete Solution:

The district is still responsible to report this student in Period S with the 7X withdraw code. Additionally, the student needs to be Reported as a Grad Only student in FY22 Graduate reporting. The student records need updated to reflect both items.

### Steps to Complete:

1. Expunge the student from 21/22. (See Appendix F for instructions on expunging a student.)
2. Navigate to the **Student Summer Withdrawal Record** and click the **Add Student Summer Withdrawal Record**.
3. Enter a summer withdrawal record for this student using the same **Withdrawal Date** and **Withdrawal Reason** previously entered for this student (likely a 7X withdraw code).
4. Re-register this student as a **Grad Only** (or non-attending graduate) in the 21/22 school year using **Registration Wizard**.

### Outcome:

1. This student will be removed from the missing list for FY22S when the Student Summer Withdrawal Record is reported.
2. This student will be reported as a graduate only student in FY22G.

## Scenario 43 – Student withdraws after last day of school, but prior to July 1.

A student leaves the district after school ends, but prior to July 1. Student needs to be withdrawn on a date after the last day of school, but prior to July 1.

Enroll	Expunge	Withdrawal
N/A	Expunge the student from 21/22 if promoted	Withdraw the student from 20/21

### Complete Solution:

Withdraw the student in 20/21 with the appropriate withdraw code. If student was promoted to 21/22, expunge the student from that school year. If the student has already been reported in the SCR collection in 21/22, the student would then need to be withdrawn in 21/22 with withdrawal reason **81**.

### Steps to Complete:

1. Process a withdraw for student using the last day of school as the withdraw date.
2. Once the withdraw is complete, navigate to the **FS-Standing** tab and edit the latest event record by clicking on the **Edit Pencil** icon.
3. Correct the **District Withdraw Date** field so the date reflects the last day of enrollment for the student.
4. Click **Save** to save your corrections.
5. Navigate to **StudentInformation** » **SIS** » **Student** » **Admission History** » **Edit History Details** and correct the student's withdrawal date.
6. If the student was enrolled in the future year, expunge the student in the future year. (See Appendix F for instructions on expunging a student.)

### Outcome:

1. This is a correction not a change.
2. The student's current FS event is edited and the district admission date corrected.

## Scenario 44 – Preschool student evaluated and eligible to receive services but not reported to EMIS in prior year

A Preschool student is screened for services, found eligible, but not reported to EMIS in the prior year. The student must be admitted and withdrawn on the same day in the prior school year using the date of the first special ed event for the student. Then the student attends in the current school year and must be re-registered accepting the match. This allows the prior year special ed events to be reported for the newly enrolled student in the current school year.

Enroll	Expunge	Withdrawal
Register the student in 21/22	Only applicable if the student was enrolled in the current school year and not withdrawn in the prior school year	Withdraw the student from 20/21 using the same date as the start date

### Complete Solution:

Since the student became eligible for services but did not attend the district in the prior year (non-EMIS reportable), we must record the fact that the student was screened by the district, and must report the special ed events from the prior school year in the current school year.

### Steps to Complete:

1. Withdraw the student in 20/21 and use a withdrawal date equal to the student's admission date and a **Withdraw Reason 36 – Withdrew from Preschool/PS student WD from PS program for any reason**. This should be the same date as the earliest special ed event entered for the student.
2. If the student was already promoted or registered prior to the 20/21 withdrawal, this record will need to be expunged in the 21/22 school year
3. Register the student in the 21/22 school year, accepting the match.
4. See Appendix D for instructions on withdrawing a student.

### Outcome:

1. When the student is withdrawn, the withdrawal date, code, and withdrawal to IRN (if applicable) will be posted to the latest FS record in the prior year.
2. The withdrawal date and code will display on the FD record in the prior year.
3. The FS and FD records will be updated with an effective end date equal to the student's withdrawal date.
4. When the student is registered in the current year, a FS, FD, and FN record are created.
5. All prior year special ed events should be included in the current year Collection Window S for the GE events since this student is now a 'new' student.
